Re: Stevens-Koenig Reporting

If you want it done right, on time, for a fair price and with a smile, then hire Stevens-Koenig Reporting (SKR) for your deposition needs. Matters not if the deponent is in another state, SKR will locate a reporter and follow up with you to make certain you are satisfied with the services provided.

I primarily litigate cases in federal courts and work with reporting firms all over this great nation. Few have the combination of skill and pricing SKR offers. I have been working with SKR for over a decade. The only time I had a disagreement with SKR was when my bill was much less than I expected, I insisted SKR made a mistake, and SKR firmly reminded me it knows how to do its job.

SKR is a great company because its people work very hard to make it so. I highly recommend SKR and am certain you too will find it is one of the best reporting services in the USA.

Sincerely,

***Anne T. Sulton***
